EXPERIENCE

Transaction Risk Investigator - Amazon Nov 2022 – Feb 2023.

Worked as Transaction Risk Investigator involving the deep dive investigation of Various Seller-Buyer transactions and resolving their claims under minimum guidance.

Seller Onboarding Associate – EN (Amazon)   Sep 2021 - Apr 2022.

As a Seller Onboarding Associate at Amazon, served as the initial point of contact for global sellers, conducting thorough onboarding through video calls. Utilized critical thinking, time management, and advanced communication skills to ensure the onboarding of legitimate sellers. Employed research using multiple tools to maintain adherence to SOPs, contributing to a seamless and pleasant onboarding process for consumers.

AEO (Department of Agri TELANGANA) May 2020 – Sep 2020.

As an agriculture extension officer in an outsourcing role, efficiently managed a cluster comprising 2400+ farmers and 5300+ acres across 8 Gram Panchayats. Successfully coordinated with farmers and local governing authorities, facilitating seamless execution of government initiatives such as Crop Booking, Rythu Bandhu, and Rythu Bheema

Crop Research Analyst Intern - Brightcom Group. Feb to May 2019.

Contributed to the development of an AI database and enhancement of Drone-Based Farm Analysis for Israel-based startup, Taranis. Conducted comprehensive analysis of crop growth stages, diseases, nutritional deficiencies, pests, and weeds, optimizing precision agriculture solutions.
